### TRANSPORTATION RISKS

While we use every means at our command to secure prompt delivery, WE ARE NOT LIABLE FOR DELAYS IN TRANSIT; OUR RESPONSIBILITY ENDS UPON DELIVERY IN GOOD ORDER TO CARRIER. Remedy for loss must lie between the buyer and the carrier, but we will render all the aid we can.

### TERMS—NURSERY STOCK

### PRICES

This List is intended for the TRADE and should be found only in the hands of people who buy our products for resale at a profit.

We price "Per 10," "Per 100," and "Per 1000." To obtain the lowest published price on Naked Root deciduous stock your order must consist of at least fifty plants and not less than ten of a variety or grade.

Orders for less than ten of a variety or grade will be invoiced at an ADVANCE of 20% OVER THE TEN RATE, REGARDLESS OF THE SIZE OF THE ORDER, except Conifers and Broadleaved Evergreens where 5 plants at the 10 rate and 25 plants at the 100 rate are available.

**IF YOUR REQUIREMENTS ARE IN 1000 LOTS, ASK FOR SPECIAL QUOTATION.**

**Prices do not include packing charges.**

## ALL PRICES ARE SUBJECT TO MARKET CHANGES

## GRADES

We grade liberally. All shrubs of specified sizes are well furnished and well rooted. Culls are as rigidly excluded from the lightest grades listed as from the heaviest stock. Our rule is, "WHEN IN DOUBT, PUT IT IN THE LOWER GRADE." Detailed information as to method of grading Hedge Plants and Roses is given under such heads.

## CLAIMS

All claims must be made IMMEDIATELY AFTER RECEIPT OF STOCK.

**ALL shipments will be accompanied by an Alabama Certificate of health. We are in no quarantined area.**

## LIABILITY and NON-WARRANTY

All quotations are for immediate acceptance and subject to stock being sold. All bookings are without liability to us should injury befall stock from frost, hail, fire, or other causes beyond our control, and subject to the standard form Non-Warranty Clause which reads: **"We give no warranty, expressed or implied, as to description, productiveness, or any other matter, of any nursery stock, seed or bulbs we sell."**

## IF FROZEN IN TRANSIT

If, on opening the bale or box, signs of frost are present close tight and bury in sawdust or dirt. Let the frost draw out naturally (requiring perhaps ten days) and no injury can result. DO NOT EXPOSE TO LIGHT OR AIR WHILE FROZEN.

## COMBINING CAR AND TRUCK LOADS

We can often work out combination shipments, rail or truck, to our customers advantage. Refrigerated and Heated Trucks are available, on ample notice, to many points giving quick and safe service regardless of weather conditions.

## PACKING CHARGES

Boxes and Bales will be charged at cost of labor and materials. This item will average around 5% of invoice. No charge for packing Car or Truck loads.

## LATE SPRING PLANTING

With our cold storage facilities, we can now serve you until about June 1st with bare root stock. We closed down our coolers on June 1. On that day, we took out and planted as a test, Lonicera Fragrantissima, Symphoricarpos Chenaulti, Euonymus Patens, Forsythia, Buddleia and Flowering Almond all bare root. This stock grew off vigorously.

## REFERENCES

As to our standing and responsibility we refer to any bank or business house in Huntsville, Alabama, the Commercial Agencies, and the leading nurserymen of the United States.

## DECIDUOUS SHRUBS AND TREES
